

## **Lead Rolls Operator**

Canada Metal (Pacific) Limited is the world's leading manufacturer and supplier of die cast zinc, aluminum and magnesium anodes, which are sold worldwide under the Martyr brand name. We also manufacture auto pilot drive systems for leading machine electronic companies under Octopus. Our company is located in Delta, British Columbia.

Canada Metal is currently looking for a Lead Rolls Operator for the graveyard shift. The lead Rolls Operator will set up and operate the lead roll to produce the sheet lead product line; alloy lead to meet customer specifications and pour into the slab caster; cut lead into specific lengths and widths as per the customer requirements using a variety of automated equipment and hand tools and inspect, monitor and use a 2 ton crane.

This position is part of the Collective Bargaining Group and will be subject to the pay rates and dues required by the bargaining unit. The current rate of pay for this position is \$19.19 with an additional premium for working the graveyard shift. The ability to lift 60 pounds is a requirement.

We are looking for a candidate with all of the above plus high energy and a willingness to learn new skills.

If this ad appeals to you and you fit the description of our ideal candidate, please send your resume and covering letter to [hr@canmet.com](mailto:hr@canmet.com)
